It is in the parents' discretion as to whether their child will stay a half day or full day on their child's first 3 days. If your child is struggling with the transition, we will call you for an early pick up.

Transitions must be done before 9:30 a.m. to avoid disruption to our program.

Our fees are calculated on a monthly basis. Please contact the Director to discuss start dates in the middle of the month.

Nap times vary depending on the age of the children. Infant nap time is from 11:30 a.m. to 1:30 p.m. while Toddlers and Preschoolers nap from 12:00 p.m. to 2:00 p.m.

Younger infants may require additional naps during the day which will be accommodated.

Children who no longer nap will be invited to come to the table and engage in quiet activities or may take part in our wake up program and will spend time in another room with an educator.

16. What is the attendance policy if my child is sick?

We follow all AHS guidelines with respect to illness. If your child has symptoms such as fever, vomiting, diarrhea, or is otherwise unable to participate in the program, they will be required to stay home until they are symptom free for 24 hours, or with a doctors note.

Please contact the Director if you are unsure of what to do when your child is sick.

17. Can I provide my child medication to be given at the centre?

If your child has been prescribed any medication, it may be given at the centre. Only educators with first aid training are permitted to administer medication. There are many forms that need to be signed in order to administer medication to your child, so please give yourself extra time at drop off to fill out all the necessary paperwork.

Please note that medications such as Advil or Tylenol will only be provided to children if needed for pain management (e.g. teething).

18. Do you have a parent communication app?

Our program uses an Alberta based child care app called Timesavr. This app does not need to be downloaded by the parents. At the end of the day, parents will receive a Daily Report outlining important information about their child's day such as meals/snacks eaten, diaper changes and potty training, activities the

children engaged in and photos. These reports will be e-mailed directly to parents.

19. What kind of communication can I expect from your centre?

There are several ways in which our centre and families communicate on a regular basis.

There is an expectation that parents and educators communicate daily during drop off and pick up. These interactions are usually brief as educators are still working with other children, but if you feel you need a more lengthy discussion about your child's progress at the centre, you are free to contact the Director to set up a formal meeting.

Each room has a communication book in which parents can leave notes for the educators.

Parents will also be able to use the Timesavr app to communicate to their child's educator.

Important information, such as upcoming centre closure dates, is also posted in various spots around centre, such as the front door or the Parent Board located in the lobby.

20. I no longer need child care. How do I withdraw my child from your program?

If you no longer need child care, we require 1 calendar month written notice of an intention to withdraw or payment of 1 month full fees (unsubsidized) in lieu of adequate notice. Notice must be given on or before the 1st day of the last month of care. Notice given after the 1st day of the month will be treated as if given on the 1st day of the following month and full fees will continue to apply.
